

Duct Cable Micro G2 ~ G6

Micro duct cable from Mercury is a metal free outdoor fibre cable particularly suited for ducting in micro tubes. The optical fibres are color coded for easy identification. The cable is supplied with a fat-filled fibre tube with 2, 4 or 6 G.652D fibre. A typical utilization is in FTTH deployment for end subscriber attachments.

- Low friction sheath
- SM G.652D fibre as standard, G.657 as an option
- Low weight and small diameter cable provides easy handling

Dimensions and characteristics

Fibre		Primary coated G.652D as standard G.657 as option
Cable diameter (mm)		3,4
Tube diameter		2,2
Thickness of the mantle nominal (mm)		0,5
Cable weight nominal (kg/km)		11
Min. bend radius (mm)	Permanent	70
	Installation	100
Max. stretch (N)	Permanent	150
	Installation	250
Material in the sheath		Nylon12, Black
Temperature (°C)	Transport	-40 ~ +70
	Installation	-10 ~ +50
	Operation	-20 ~ +70
