

Communication Equipment

Organising Fibrespace

GigaCom Innovative LC to MPO patch panel offers the end user 96 LC ports to the front across 8 MPO connections to the rear.

Our quick connect panel offers a rapidly deployable plug-and-play solution to the high demands of any data network.

Utilising factory tested MPO-LC fan-outs the quick connect panel achieves low losses and provides high optical performance.

Key Features:

- Small Installation Depth
- Compact 1U size
- Suitable for ETSI & 19" Racks
- Detachable Front Protection and management with allocation card
- 100 % Test results contained within the panel

Communication Equipment

Organising Fibrespace

Connector Characteristics & Performance	
Colour	Connector & Boot: Black Fan-out: TIA-598-A
Operating Temperature	-40°C to +75°C
Insertion loss (Typical dB)	MPO: ≤ 0.5 dB LC : ≤ 0.3 dB
Return loss (Typical dB)	LC : $\leq 55/60$ dB

Dimensions and Characteristics	
Material	No. Steel 1.0333 (SIST EN10027-2)
Colour	Light Grey (RAL 7035)
Operating Temperature	-40°C to +75°C
Dimensions	533mm x 265mm x 45mm (WxDxH)
Weight	2.5KG (Empty)
