

Panel GP10 - GigaPATCH™

GigaPATCH™ GP10 panel has high functionality, and is designed for terminating and splicing fibres in 19" racks. Patch Panel is adjustable in depth and consists of a frame with a extractable drawer. The box can easily be tilted out and placed on e.g. a desk. The drawer rests in a 40 ° angle when open for effortless inspections and service. The panel comes with 24 holes (SC-Duplex) adapter plate as standard. Cable entry at the right or left side; angled or straight. The panel is supplied with M6 mounting kit, PG13,5 nipples and dust caps for unused cable entries.

- For mounting in 19 "racks / cabinets
- 24-hole front plate (SC-Duplex)
- Cable Input: Angled or straight, left or right side
- Include. M6 mounting kit, Pg13, 5 nipples and dust caps
- Adjustable in depth, 50mm
- Wide range of accessories
